## Bilge pump diode assembly

SEALINE Pt No 11003315

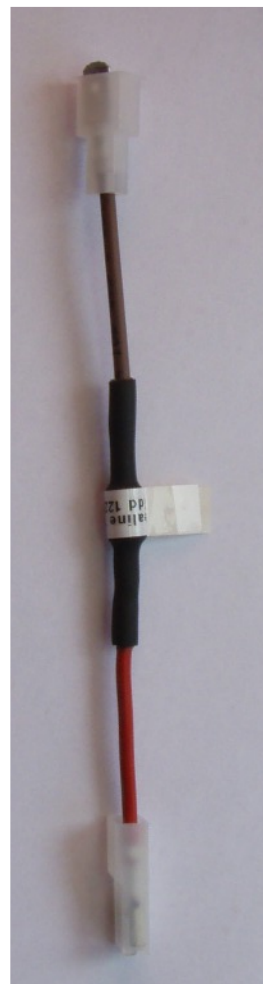

Powercentre Pt No 12231005

123302103 sensor 170 mm

Rating ..... 9 amp

Voltage ....12 and 24 volt DC

Sealed to ... IP66

Diode assembly, plugs into bilge pump feed from manual switch, prevents back feed from auto operation. Sealed with adhesive lined shrink tube for mechanical strength and protection water and atmosphere.

Fitted with 6.4 mm male and female connectors.
