fitted 1980 - 1998

to

Westerly, Merlin, Seahawk, Duo, Corsair,
Fulmar, Falcon, Konsort, Sealord.

Powercentre P3000, P4000

operation fridge isolation

termination 6.4 mm tab connectors

relay rating 10 amp

available New

replace with ... **PL1**

rating 30 amp

Notes

Relay fits in-line the fridge DC feed. If a low battery is detected, the relay opens to isolate the load.

The relay is controlled by the battery status display.

Power is automatically restored when the battery is placed on charge.
